Shiash Info Sololutions Private Limited

June 2024 - Aug 2024 (3 Months)

Full Stack Intern

Projects

Cart Application 🔄 | [Demo](#)

React , Node.js , Express.js , MySQL

- Developed a full-stack coffee ordering application with a responsive UI using React.js and Tailwind CSS, ensuring a smooth user experience across various devices.
- Designed and implemented an MVC architecture with Node.js and Express.js, creating RESTful APIs for managing orders and users, and integrated MySQL for efficient data management and organization.
- Created dynamic and interactive features, including real-time order status updates and to enhance user engagement and interface functionality.

Spotify Clone 🔄 | [Live](#)

React , Node.js , Express.js , MongoDB

- Developed a full-stack music streaming app with a client and admin page using React, Node.js, and Express.js.
- Admin Panel: Allows album and song management, including image and audio uploads via Cloudinary.
- Client Page: Displays all songs, categorized by albums, dynamically retrieved from MongoDB.
